Judge Christian Tells What New State Department Must Do. Judge George L. Christian, Grand Commander of the Grand Camp of Virginia C. V., said yesterday afternoon that a was amount of active work awaited the director to be named under the Smith of Jennings bill, looking to the collection ampreservation of Virginia data, relating bills, he said they would be considered by the persons most interested and the best features in both incorporated in a substitute bill. The need of such a measure seems to be admitted by all. A great many of the Virginia records are in Washington. These will only have to be copied. They were taken away by the Federal officers upon the occupation of Richmond.
